In the twelve-month period of 2022, a more favorable operating income was achieved compared to the same period of the previous year. A better operating income was achieved in the milling segment, cheese and milk production due to increased prices but operating expenses are also higher due to more expensive raw materials for production.

The net financial result represents the difference between financial income and financial expenses.

In the twelve-month period of 2022, the Company achieved revenues higher by 47% compared to last year. The operating result is slightly lower due to an increase in part of the operating costs (such as energy costs, transportation costs, etc.). In the course of 2022, the company invested significant funds in the improvement of production capacities and expects that the investment will have a positive impact on the results of operations starting next year.
